METAL FENCING PINS

UKT15PIN

DESCRIPTION

Heavy duty, ribbed metal pins to provide strong, durable and free-standing support for barrier fencing mesh and barrier tape.

The pins have a sharp point at one end and a hook at the other.

Made from H10mm core, high tensile strength, ribbed steel re-bar to BS 4449: 2005 Grade B 500 B/C

INSTRUCTIONS / USES

Used to create an instant barrier cordon when used in conjunction with barrier fencing mesh or barrier tape.

BENEFITS / KEY FEATURES

- > Heavy duty
- > Made from high tensile strength steel
- > Suitable for multiple reuse
