BRITE™ REFLECTIVE TAPE : DIAMOND GRADE

UKT26D

Ref	TS529C
Date	Dec 2014
Pages	1 of 1

DESCRIPTION

Premium quality, self-adhesive, highly retro-reflective marking tape specifically designed for use on vehicles & signs where the highest level of reflectivity is required.

Shines brightly in darkness when a light is directed towards it.

CONSTRUCTION

The tape consists of prismatic lenses formed in a durable, transparent resin, sealed in a synthetic film and backed with an aggressive pressure sensitive adhesive with a protective liner.

APPLICATION

For best results, apply in temperatures of not less than 10°C. Ensure the surface is clean, dry and free from dust, grease, oils etc. Remove the backing paper, unroll the tape and apply pressure evenly to ensure a firm bond.

BENEFITS / KEY FEATURES

- > Diamond grade is our highest level of reflectivity
- > Prismatic Design
