

PRODUCT DATA SHEET

NON-ADHESIVE MAGNETIC TAPE

UKT77

Ref	TS1257A
Date	Oct 2020
Pages	1 of 1

DESCRIPTION

Premium quality, flexible magnetic tape.

Vehicle grade magnetic – same high-speed grade of material used to secure signs to vehicles

Dry wipe top surface (write on, wipe off) with a magnetic base.

Available in five plain colours: White, red, blue, yellow or green

INSTRUCTIONS / USES

Sticks to steel racking and shelves to aid labelling and identification.

Ideal for marking metal trays.

Can be used in cold stores.

BENEFITS / KEY FEATURES

- > Premium quality
- > Numerous labelling & identification applications
- > Available in five plain colours
- > Easily cut with scissors
- > Vehicle grade magnetic

TECHNICAL INFORMATION

SUBSTRATE	MAGNETIC SURFACE	COLOURS
Strontium Ferrite in rubber binder	One face only	White, Blue, Yellow Red, Green
TAPE WIDTHS	TAPE THICKNESS	ROLL LENGTH
50mm (other widths available)	0.85mm - 0.90mm	10M long
TEMPERATURE RANGE	MAGNETIC STRENGTH	ROLL WEIGHT
-10° to +50°C	42 g/cm ²	Approx 1 kgs

OTHER INFORMATION

The life expectancy depends upon the application and environment to which it is exposed. Regular overheating or being taken too cold, will result in the performance deteriorating. If kept at ambient temperature and away from strong magnetic fields, it has the potential to remain magnetic indefinitely.
